assembly, in this high court, I would like omniscience. the veracity, the character of God Almighty, of the Lord Jesus Christ may be questioned? God Almighty bas said that Isaiah said, thus, and so. Dr. Briggs has said to God Almighty that Isaiah did not write half the book that bears his name. The Lord Jesus Christ said in the New Testament that Isaiah wrote the book bearing his name. Dr. Briggs says-"

Dr. Henry M. Storrs-Mr. Moderator. I call the gentleman to order. Any man is entitled to be defended against attacks upon his character. Did Dr. Briggs say any such thing! Mr. McDeugall-Why, Dr. Storrs, you

will find it on page-Rev. H. Milton Shield, of New Mexico-Is the statement quoted in Dr. Briggs's inaugural? If not, it is not before the assemoly.

This colloquy was carried on in the midst of great confusion, cries of order rising from all parts of the house, and the moderator and Mr. McDougall both trying to be heard. Dr. Craig said that Mr. Mo-Dougall should show or try to show that his statement was justifiable. Mr. McDongall (to Mr. Shield)-If Dr. Briggs will withdraw his statement I with-

draw mine. Dr. Storrs-But Mr. McDougall says that Dr. Briggs said God was untrathful, which

is blasphemy and unpardonable. Mr. McDougall-1 said that Isaiah said thus, and so, and that in the New Testament the Lord Jesus Christ said Isaiah said thus, and so; and Dr. Briggs said that Isaiah did not write that part of the book in which these quotations are found. Eider Shepard, of the North Philadelphia Presbytery, vigorously protested against the utterances and conduct of Mr. Mc-Dougall, but Elder Purnell, of Baltimore, pleaded for fair treatment of the speaker.

Elder McDougall, the storm having calmed down, concluded: "Christ said no man can come unto the Father but by me. Dr. Briggs said that Mr. Martineau found God through the reason, and that Newman

The assembly then took a recess until The call of the roll was resumed at the evening session, members who desired to speak being given the floor when their names were called. Only a small percentage took advantage of the privilege, preferring to follow the advice of Rev. George D. Baker, of Philadelphia, in yielding the floor that a vote might be reached sooner.

VOTING ON THE CHARGES. It was 8:45 o'clock when the moderator put the question, "Shall the specifications of error be sustained?" and Dr. Roberts, the stated clerk, read the first specification, in substance, that the Presbytery of New York, on objection made by Dr. Briggs, required the prosecuting committee to amend the amended charges and specifications by striking out charge No. 4. The specification was declared to be sustained by a vote of 282 to 190. This vote showed that the attendance was seventy-seven less than the number in attendance when the vote was taken on Friday on entertaining the appeal, the vote on which was 405 yeas

to 144 navs. Specifications 2 to 12, inclusive, under the first ground of appeal, all relating to irregularities in the proceedings of the New York Presbytery, were sustained seriatim, some by tally and some merely by viva showed their greatest strength on Specification 4, which alleged that the action of the presbytery in giving Dr. Briggs an opportunity to reply to alleged new matter without specifying the new matter, was irregular. The vote resulted 238 to 195 for sustaining the specification.

The second ground of appeal alleged the recovery of improper testimony, and was based upon three specifications. They set up that the defendant should have been sworn; that the statements and matter interpolated by the detandant were recommended to remain, and interpolations and extracts offered by the defendant were received as evidence without his having been sworn. On the first specification a division was taken, the result being that the specification was sustained -262 to 185. The others were sustained by viva voce

The third ground of appeal was that of "declining to receive important testimony. with two specifications, that Charges 4 and 7 were striken out, thereby preventing the proving of the charges. These specifications were sustained without a division. TWO SMALL VICTORIES FOR BRIGGS.

The fourth ground of appeal alleged "manifestation of prejudice in the conduct of the case," and of its six specifications the Briggs men carried two, and came within two votes of carrying another. On the first specification, which alleged that the Reverends George Alexander, Antonio Arreght, Henry M. Field, Thomas S. Hastings and Henry Vandyke made prejudiced statements on the floor and afterward voted in the presbytery "Not to sustain" each and every one of the specifications and charges a viva voce vote was taken only, and the moderator declared the specification lost. Specifications 2, 3 and 4, alleging that the presbytery did not try the case on its merits, attempted to terminate it without attaining the ends of discipline and evaded the issue, were sustained by viva voce votes. Specification 5, alleging that Revs. Francis Brown, Henry Field, Thos. S. Hastings, J. Hall Mclivain and Henry Vandyke, members of the presbytery, voted to sustain the accused after they had been charged in the appeal with prejudice, was lost by a viva voce vote. Specification 6 alleged that sundry directors, officers and professors of Union Theological Seminary, namely, Revs. Francis Brown, Edward L. Clark, Charles R. Gillett, Thomas S. Hastings, J. Hall Mellvain, Philip Schoff, William Smith and M. R. Vincent and Mr. William A. Wheeler, voted to acquit the accused upon each and every specification and charge after they had approved of Dr. Briggs's inaugural address, which contained the alleged erroneous doctrines, for the holding and publishing of which the accused was there on trial. A viva voce vote was followed by a count, and the stated clerk | of only \$50,000. announced that it stood 286 to 234, but suggested that another count be taken on account of the closeness of the vote. There were cries of "No," however, and the clerk proceeded to read the fifth ground of appeal. The tifth and last ground of appeal contained "specifications of error," and it charged "mistake or injustice in the deciston," The specifications charged error in the failure to convict the defendant on competent charges, the facts being admitted by the defendant; that the judgment was not warranted by the law and evidence; that the judgment is, in fact, an approval of the views embodied in the inaugural address; that the judgment is vague, unjust and misleading; that the presbytery was moved by unsworn and improper testimony; that the judgment is contradictory in form and effect. The votes on these specifications were taken without a division, resulting in a declaration that each and every one had been sustained.

THE APPEAL SUSTAINED. This part of the proceedings having been disposed of, Kev. W. C. Young, of Kentucky, moved that the roll be called, and the assembly vote upon the main question. "Shall the appeal be sustained?" which was adopted. Before beginning the roll call the moderator announced that the form of answer would be, "Sustained" or "Not sustained," and that commissioners might vote "to sustain in part," but that such votes would be counted as part of the total to sustain the appeal. The roll was then called in the midst of an almost painful stillness, the spectators in the gaileries on their feet, in their anxiety to catch every response. The vote was announced at 10:15 by the stated clerk, as follows: Whole number of votes cast, 499. To sustain the appeal, 298; to sustain in part, 85; total to sustain the appeal, 3-3; not to sustain, 116, After the result had been announced Rev. J. Smith, of Baltimore, moved the appointment of a committee of fifteen commissioners, of which the Rev. Thomas A. Hoyt, D. D., of Philadelphia, shall be chairman, to bring in an explanatory minute. This was carried, and, on motion of President Warfield, of Lafayette College, the moderator was authorized to appoint the committee. He will announce the committee to-morrow. The assembly then adjourned, at 10:25 P. M., till 9 A. M. to-morrow, The explanatory minute to be prepared

by the committee to be named to-morrow will express the sense of the assembly as to the action that should be taken upon the indgment of the Presbytery of New York. Whether it shall be reversed or modified -and what penalty shall be imposed against Dr. Briggs, if any. The report of the committee will, doubtless, provoke

matters still on the docket for consideration, promises a continuation of the sessions until Friday night.

OTHER RELIGIOUS BODIES. Sixty-Ninth Annual Meeting of the Home

Missionary Society.

SARATOGA SPRINGS, N. Y., May 31.-The sixty-ninth annual meeting of the Home Missionary Society of the United States is in progress. The total receipts for the sixty-seventh year, just closed, were \$738,081, an advance over the sixtysixth year of \$75,292. Previous to that the sixty-fourth year had led in the seventh year has exceeded every other by | One Thousand Employes to Be Disnearly \$67,000. The society workers number 2,002, ministering to 3,841 congregations and missionary fields. New schools to the number of 265 have been organized. One hundred and forty new churches have been established, and seventy-five have grown into the strength of self-support. Officers were elected as follows: President, Gen. O. O. Howard, U. S. A.; among the vice presidents were Rev. William A. Waterman and Rev. Edward P. Goodwin, of Illinois.

United Presbytarian General Assembly. MONMOUTH, Ill., May 31.—The United Presby terian General Assembly, this morning, decided to meet next year at Albany, Ore., and the general committee on home missions at Portland, Ore. The recommendation of the committee on bills and overtures regarding United Presbyterians becoming Patrons of Husbandry was defeated, and a resolution passed reaffirming former declarations against membership in secret oathbound societies. A resolution creating a general delegate fund was referred to the next assembly, and a commitwith a similar committee from the Holland Christian Reformed Church to prepare a basis of union for the two denominations. The appeal of Rev. David Morrow from the synod of California was referred back to the synod. The appeal of Rev. J. G. Armstrong, from the same synod, was not regular and no action was taken.

Lutheran Synod. CANTON, O., 'May 31. - The Lutheran Synod, during consideration of the report of the education committee, specially commended the proposed building of a seminary at Omaha, Neb. The question of extending overtures for a union of the varions synods was the cause of much debate. The resolutions adopted merely ask for a conference. The catechism question came up next and was discussed until adjournment. The doctrinal version of the confession offered by the committee states that the "he who confesses sinning shall receive forgiveness from the pastor and from God himself." Some opposed this. claiming it would be a doctrine synonymous with that of the Catholic church.

Kev. B. Warren's Suspension Sustained. READING, Pa., May 31 .- At to-day's session of the General Reformed Synod delegates to the confederated bodies were elected. The synod sustained the suspension of Rev. B. Warren, who was suspended by the Indiana Synod. Rev. R. W. Miller, of Hummellstown, was chosen general Sunday-school superintendent. Rev. J. A. Peters, of Tiffin, U., was elected president of the Board of Home Missions.

Seven Thousand Converts. ST. PAUL, Minn., May 31 .- As a result of the Mills revival meetings, which ended last night, nearly seven thousand persons were converted. All the churches have been greatly benefited.

STORMS IN THE SOUTH.

Many Buildings Wrecked, Boats Sunk, Two Persons Killed and Several Injured.

LOUISVILLE, May 31 .- Portions of the South were visited by severe storms to-day. At Paducah, Ky., a dozen buildings were unroofed and two wharf boats carried down the river. At Brooklyn, Ill., three steamers and twenty barges were torn to pieces and sunk. At Smith's Landing Place, twelve miles up the river, the courthouse and seven churches were unroofed and a house

Among the buildings wrecked are the Bap-tist and Methodist churches and the City Bank.

THE SPECTATORIUM COMPANY FAILS.

Receiver Appointed for Steele Mackaye's

Big World's Fair Enterprise. CHICAGO, May 31 .- A receiver was appointed to-day for the Spectatorium Company, by Judge Tuley, on application of the director-general of the enterprise. The Judge, in naming a receiver, acquitted Steele Mackage of any responsibility for the necessity of such action, and stated that the circumstances were such that Mr. Mackage had no contral in the matter, the causes being beyond his jurisdiction. One of the chief difficulties was the delay of the financial manager in placing the company's bonds on sale until the general financial stringency rendered a sale extremely disadvantageous. The company was organized for the purpose of erecting the big steel staff building that at present stands unfinished just north of the world's fair grounds. It was to be used for the presentation of a spectacular entitled, "The World Finder." The company owes \$ 16 .-000 and has tangible assets to the amount

NOT MAKING MONEY.

Receipts So Far Have About Paid the Cost of Operating the World's Fair. Special to the Indianapolis Journal.

CHICAGO, May 31.-This day closed the first month of the exposition. Although the weather and the general impression that the fair is not finished have affected the attendance, the average has not been as high as the governing officers of the fair expected before the President of the United States pressed the button May 1. There is no denying that the treasury department of the fair is pressed for ready money, although the banks which are represented in the local corporation stand ready to advance money at any time to tide the exposition over. But money is owing to contractors and employes, and the former find much difficulty in getting quick and full payment of their claims. Treasurer Seeberger is surrounded in his office at the Grand Pacific every day by contractors or their agents, who need the money for the work done on the buildings, etc. He is compelled to resort to all kinds of dignified excuses for "standing them off," but some have been waiting three months since their contracts were completed and passed upon.

There will be a severe policy of retrenchment in all departments of the fair, beginning next month. The discharge of one thousand employes is contemplated, the distribution of passes is to be kept within the narrowest limits possible, and even Major Handy, who deals with the press representatives of the world, is now preparing, under orders, a detailed statement of passes given, with a view to a heavy reduction of the list. Ex-President Baker, of the local directory, who is one of the special committee investigating the press matter, thinks that the press of the country has done more harm than good to the fair and should not be treated liberally. The directors are heavily interested in the financial success of the exposition, and they can be relied on to do all in their power to reduce expenditures and increase receipts in spite of public opinion or individual interests. Before the opening enthusiasts connected with the fair talked about an average daily attendance of 100,000, but that number has only been reached twice-on the opening day and Memorial day. Special fete days and single-fare excursions from distant points will swell the crowds for the next five months, but the European patronage is not being relied on to any great extent in figuring up prospective receipts. For the month of May it can only be said that the fair has not much more than paid operating expenses. The treasurer's official statement for the month will be given out tomorrow. The paid admissions to-day were

Red silk badges marked K. P. A. were to

be seen at the fair in profusion all day.

The wearers were members of the Kentucky Press Association, their wives and daughters. Nearly 150 of various grades are here, representing every journal of any consequence that is published within the commonwealth of Kentucky. They came from the far-famed "bluegrass," from the notable "pennyrile" and from the "mountings." Many were "kunnels" minus commands, but all were Kentucky editors, and the literary women were fair to look upon. They had an engaging way and made themseives at home at the pretty building over the porch of which is the word: "Kentneky" in blue letters on a white ground. Although ex-President Meachain, of Hopkinsville, told his brother editors that so far the invitations extended to the association had been "few, slow and scattering," the visitors were not heard to complain at the close of the day that they had been neglected. The first thing done on their ar- lows: rival at the ground was to hold an election of officers for another year. Samuel Roberts, of the Lexington Leader, was chosen president; Ion B. Nall, of Louisville, vice president; Andre Morningstar, of Bowling Green, secretary and treasurer. After luncheon in the building the editors went to the Horticultural Building, where Chief Samuels prioted them around among the flowers and fruits, and products of the vineyard. The next move was to go over to the Administration Building, where Major Handy, chief of the department of publicity and promotion. received them in a fraternal speech and escorted them to the other departmental offices and introduced them to officials. Then the sight-seers scattered to do as they pleased. To-morrow will be Kentucky's day at the fair. Governor Brown and his staff are here to take part in the dedicatory exercises of the State building. A clay statue of Daniel Boone stands on the lawn outside the building. It was sculptured by Miss A. Yandell, of Louisville, and will be unveiled to-morrow. A plaster model of the Henry Clay statue in the courthouse at Louisville forms the center piece inside the building. The Press Association has been given the freedom of Midway Plaisance, and will to-morrow see every show they have the time to get into.

Foreign commissioners and Chairman John B. Thatcher, of the executive committee on awards, held their daily conference to-day. Mr. Thatcher abandoned his contention that the commissioners should have little voice in the management of the awards question, and volunteered such a concession as will assure the competition of exhibitors from all the nations participating in the exposition with the possible exception of France. Sir Henry Wood, who has been absent on a Southern trip, made something of a commotion by presenting his instructions from the British commission in London, entirely reversing the announcement made by James Dredge and Commissioner Harris, to the effect that Great Britain would not compete under the Thatcher system.

SUNDAY CLOSING SUIT.

Arguments Hegun in the Federal Court on the Injunction Case. CHICAGO, May 31. - An immense crowd of spectators gathered in the United States Court of Appeals, to-day, to listen to the arguments in the injunction suit brought by the United States government to restrain the opening of the fair on Sundays. Soon Judges Woods, Jenkins and Grosscup walked into the court room in procession, garbed in their silken gowns. The deputy marshal rapped sharply three times with the gavel and then Judge Woods announced that Chief Justice Fuller had been expected, but that on account of his daughter's illness, he would not be in attendance for several days. Judge Woods added that Judge Grosscap had decided not to sit in the case, as he was a stockholder in the exposition. The attorneys on both sides at once objected to Judge Grossoup retiring, and he finally consented to serve. The legal talent arrayed on either side was something formidable. Attorney Milchrist first asked leave to file affidavits showing that on March 20,

1893, 600,000 sonvenir coins were delivered to the world's exposition, and on April 30,

1893, 500,240 of the come were also de-

Mr. Walker-I object. Judge Jenkins-Who now gets the gate receipts? Attorney Milchrist-I believe there is no denial that they are given to the local di-

rectory. Attorney Walker-Yes; we spent the money for the construction of the fair, and we collect the gate receipts, and now the government wants to step in and grab the exposition out of our hands.

Mr. Handy opened the argument in favor of the injunction. He maintained that the exposition, in accepting the appropriation with the Sunday closing attachment, had entered into a contract of which Sunday

Judge Jenkins asked if the government had no remedy at law, to which the attor-ney replied that it might sue for the money, but it stood a small chance of recovering the souvenir coins, as they had b.en dis-tributed. Judge Jenkins again asked if the law was not adequate to protect the government, and Mr. Handy insisted that the money was in the nature of a gift, and that the authorities agree that where donations are made the remedy is not in equity.

Attorney St. Clair made a long speech on behalf of the exposition, bristling with technicalities. He claimed that the government could not bring suit for a specific performance because it has a remedy at law. Argument will be resumed to-mor-

NICARAGUAN WAR ENDED

President Sacaza Signs the Peace Agreement and Resigns His Office.

Little Danger of Cholera Appearing in the United States-Treasury Officials and Dr. Wyman Keeping a Close Watch.

WASHINGTON, May 31 .- Secretary Gresham to-day received the following dispatch from New York:

President Sacaza, of Nicaragua, resigned last

night. Terms of peace signed. JAMES A. SCRYMSER. Mr. Scrymser is president of the Central American Cable Company, and this dispatch is the first information that the State Department has received indicating an end of the war in Nicaragua. It has been unofficially stated that United States Minister Baker has been using his best offorts to bring about peace, and the department is anxiously awaiting official corroboration by him of the dispatch sent by Mr.

Scrymser, although Secretary Gresham believes the latter to be trustworthy. PANAMA, May 31.-Advices have been re ceived that President Sacaza has abandoned the struggle with the revolutionists in Nicaragua. Last night the President signed a treaty of peace with his opponents. The members of the provisional government have entered Managua and assumed control of affairs. The transfer of the government was effected quietly, and there has been no disorder of any kind.

Think Cholera Will Not Come. WASHINGTON, May 31 .- Treasury officials are not apprehensive that cholera will appear in this country. Since last fall, when in certain European ports cholera became epidemic, the senitary conditions have been improved, and the greatest precautions known to medical science have been called into use. The United States government both at home and abroad, is observing all known precautions to prevent its reaching here, and these efforts will be doubly increased now that cholera cases have appeared in Hamburg. It is not thought necessary at this stage to quarantine against any of the European ports, but should cholera increase, Secretary Carlisle will not hesitate to do so. Dr. Wyman said to-day he telt no alarm on the subject. but was keeping the closest kind of watch on incoming steamers from cholera infected ports.

CHARADE WON IN A GALLOP

Easily Captured the Metropolitan Handicap and Its Priza of \$20,000.

Opening Day's Races at Morris Park Witnessed by 25,000 People-English Derby Won by Isinglass-League Bali Games.

THE METROPOLITAN HANDICAP.

New York Jockey Club Prize Won by Char-

ade, His Highness Second, Illume Third. NEW YORK, May 31 .- The opening day of the New York Jockey Club spring meeting at Morris Park proved to be an ideal one as far as the weather was concerned. The turn-out of women was remarkably large. On the balcony in front of the clubhouse at least fifty luncheon parties were under way at half past 12 o'clock, while later in the day the grand stand was filled with thousands of the fair sex. By 2 o'clock more than 15,000 persons had passed the turnstile, but people were still coming, and they continued to come until 4 o'clock, the time set for the Metropolitan Handicap, which is regarded as second only in 1mportance to the Brooklyn Handicap and the Suburban. When the bell tapped for the handicap there were 25,000 people present.

The Pepper, one of Marcus Daly's representatives in the race, and Pierre Lorillard's La Tosca were quickly installed the choices, but so heavy was the play on nearly every horse in the race that 4 to 1 against could always be obtained. Charade and Pickpocket were at 10 to 1 and Pessara 6 to 1. From 20 to 100 to 1 could be obtained against the others, Iddesleigh, one of Colonel North's horses, being the extreme outsider.

His Highness was the first to appear on the track. He was quickly followed by st. Florian, who was liberally applauded. The Pepper, Steve Estes, Charade and Pickpocket, La Tosca, Illume and Picknicker came next, and the remaining horses soon followed. After a long delay Starter Rowe dropped the flag to a fairly good start. Picknicker was in front, Pessara second, La Tosca third and Arturo fourth, with the others in a bunch, a length behind. Charade won in a gallop by six lengths from lits Highness, which beat Illume a half length for the place. Iddesleigh came fast in the last furlong and finished fourth. Then followed La Tosca, Pessara, Pickpocket Fidelio, Steve Estes, Monowai, The Pepper Picknicker, St. Florian, Loantaka and Territier in the order named. The race was worth \$20,000 to the winner, \$2,000 to the second and \$1,000 to the third. Results of

the day's races: First Race-Five-eighths of a mile. Dr. Hasbrouck first, Correction second, Tormentor third. Time, 1:014. Second Race-One mile. Ambulance first, Long Beach second, Hamilton third.

Third Race - Five-eighths of a mile.

Senella first, Sir Excess second, Black Hawk third. Time, 1:02.

Fourth Race—The handicap; one and oneeighth mile. Charade first. His Highness second, Illume third. Time, 1:524. Fifth Race-Seven-eighths of a mile. Arab first, Sir Catesby second, Pat Malloy,

r., third. Time, 1:284. Sixth Race-Five-eighths of a mile. Cat aract first, Anawanda second, Oporto third. Time, 1:01. A sad accident marred what would have otherwise been a most enjoyable day. It occurred in the big handicap just as the horses were making the first turn to begin the ascent of the hill. Arturo, one of the

horses sent to this country from England by Col. J. T. North, the "Nitrate King," stumbled and fell at this point, breaking his neck and throwing Jockey Edwards, an English boy, to the ground. The lad had a broken leg and was severely shaken up. It is not believed his injuries are fatal. St. Louis Winners. St. Louis, May 31.—Fair Grounds results:

"DARBY" DAY AT EPSOM. The Great English Racing Event Won by

McCslmont's Bay Colt Isinglass. LONDON, May 31.-The great English racing event came off to-day at Epsom, and, unlike last year, when Sir Hugo won with the edds 40 to 1 against him in the betting. the winner this year was a favorite, the betting being 9 to 4 on Mr. McCaimont's bay colt Isinglass, who won by a length and a half. The races were attended by the usual scenes and incidents-plebeians jostling aristocrats, the boxes filled with richly dressed women and the roads to the absence. The child has light, curly hair, downs jammed with gay tournouts. The attendance of M. P.'s was not so large as usual owing to refusal of Mr. Gladstone to allow the House of Commons to adjourn. It was exactly 3:18 o'clock when the flag fell to a good start. Lord William dashed to the front and get the pace, followed by Royal Harry Rasburn, William

and Irish Wake, which were running in a bunch close up, and which were in turn followed by Son of Agun, Peppercorn and Isinglass in the order named. Behind the last three above named ran Ravensbury, with Dame President last. As they entered the stretch, Isinglass, which was running on the inside of the track, went to the front closely followed by Racburn, Royal Harry, Peppercorn and Ravensbury. When the distance post was reached Ravensbury had passed Royal Harry and Peppercorn, and was running third. Coming on, Ravensbury gradually overhauled and headed Raeburn, but could not get near Isinglass, which was making a beautiful race. The others were running in this order: Peppercorn, Quickly Wise, Royal Harry, Irish Wake, Son of Agun, Dame President and William. Lord William's saddle girth broke, and his jockey, Mullen, was thrown. This, of course, put Lord William out of the running. Isinglass maintained his lead from Ravensbury, and, coming on, he won by a length and a half.

Summary: Mr. Harry McCaimont's bay colt Isinglass, by Isonomy, out of Deadlock, first; Mr. Rose's bay colt Ravensbury, by Isonomy, out of Penitent, second: Duke of Portland's bay colt Raeburn, by St. Simon, out of Mowerems, third. Time, 2:33.

On May 3 Isinglass won the 2,000 guineas at Newmarket and at once became a favoite for the Derby, as is usually the case with winners of the race. On May 17 he captured the Newmarket stakes of 4,000 sovereigns and this added to his favor among the betting men.

The conditions under which the race was run were as follows: The Derby of 6,000 sovereigns, the winner to

receive 5,000 sovereigns, the nominator of the winner 500 sovereigns, the owner of the second 300 sovereigns and the owner of the third horse 200 sovereigns out of the race; for three-yearold colts; about one mile and a half.

Another Race Won by Zimmerman. Paris, May 31.-A. A. Zimmerman, the noted biovelist of the New York Athletic Club, easily won the mile bicycle race at the Velodrome yesterday, but failed to lower the record. He started back for London to-day.

It Happened Next Door. The fight between militiamen and levee toughs, reported yesterday morning to have occurred at Rice's place, on North Illinois street, was located wrongly. The skirmish happened over the saloon next door to Rice, at No. 674.

Residence Property Sold. Yesterday Mrs. Martha J. Pierson sold to William H. Fithian her residence property on North Meredian street for \$16,000.

ON TRIAL. That's a good way to buy a medicine, but it's a pretty hard condition under which to sell it. Perhaps you've noticed that the ordinary, hit or miss medicine doesn't at-

of its kind so remarkable in its effects that it can be sold on this plan is Dr. Pierce's Golden Medical Discovery. As a blood-cleanser, strength-restorer, and flesh-builder, there's nothing like it known to medical science. In every disease where the fault is in the liver or the blood, as Dyspepsia, Indigestion, Biliousness, and the most stubborn Skin, Scalp, and Scrofulous affections, it is guaranteed in every case to benefit or cure, or you have your money back.

To every sufferer from Catarrh, no matter how bad the case or of how long standing, the proprietors of Dr. Sage's Catarrh Remedy say this: "If we can't cure it, perfectly and permanently, we'll pay you \$500 in cash." Sold by all drugsists.
